

PROCUREMENT

**AT THE PORT OF NEW ORLEANS,
OUR CONNECTIONS RUN DEEP.**

Pathways to Procurement

Port of New Orleans Small Business Contracting Opportunities:

Local and small businesses are a critical part of creating economic vitality in the region. As a part of the Port's Procurement objectives, we aim to increase the proportion of funds spent with qualified local and small business firms in construction, professional services, and goods and services.

The Port strives to develop mutually valuable professional relationships with local and small businesses to increase the number of small businesses, including minority-owned, women-owned, disadvantaged firms and Service-Disabled Veteran-Owned Businesses applying and competing for Port contracts.

Procurement Spending By The Numbers:

- Nearly **\$10.2 million** spent on purchases with SBE/DBE-owned businesses in calendar year 2021

Your Company's Roadmap to Procurement Opportunity...

Step One: Monitor the Port's website at www.portnola.com/business/procurement weekly to review current opportunities in construction, professional services, and goods and services that are posted on the website. Also, review the *Upcoming Projects* available on the website. *Please note that these are forecasts only, and are subject to change.*

Step Two: Sign up to register to join our vendor database also at www.portnola.com/business/procurement and tell us more about your company.

Step Three: Contact the Procurement Department at 504.528.3244 or e-mail at procurement@portnola.com to determine if it would be beneficial to schedule a meeting to discuss contract opportunities and your company's capabilities.

Effective 08/22
